PRESENTAZIONE AZIENDA

Chi siamo:

RWS is an English multinational company specialized in localization. We help organizations remove barriers to communications and find better ways to connect with their audiences – anywhere in the world.

Our 7,500+ global team of talented people are united by a love of language and passion for innovation. Our pioneering technologies are pushing the limits of what's humanly possible.

Making that happen – on a global scale – is a big challenge for any organization. But for those that get it right, the rewards are worth it.

We can help you make it happen.

We provide a range of specialized services and advanced technologies to help you take global further.

- Localization
- Content
- Artificial Intelligence
- Intellectual Property Services
